2. SCOPE OF MAINTENANCE-

- 1- The contractor shall be responsible for maintenance of all equipments mentioned in schedule with a view to provide uninterrupted service of the CCTV System including necessary preventive maintenance, attending to major and minor breakdowns post failure repairs and modifications if any, required for the CCTV system of Sri Kedarnath, Gaurikund & Jawari By Pass Rudraprayag.
- 2- The CCTV system at Sri Kedarnath, Gaurikund & Jawari By Pass Rudraprayag is monitored round the clock by our Police Control Room staff. The climate of Sri Kedarnath & Gaurikund remains very cold & Sri Kedarnath is situated at high altitude and can reach after 16 Km on foot journey fm Gaurikund Hence the contractor shall depute only competent, efficient & young staff for routine maintenance as well as to attend the breakdowns to ensure the trouble free working of CCTV system. Sri Kedarnath & Gaurikund well in time.
- 3- **The service personnel deputed by the contractor shall be well qualified, possessing Engineering Degree/ Diploma certificate holder and having enough knowledge in the field of CCTV System. The list of service personnel along with their qualifications, experience and age shall be enclosed along with the tender document with proper proof. Without fulfilling these conditions, the offer of the contractor shall be treated as disqualified.**
- 4- Contractor shall furnish to the Police Department, the Name, Address and Telephone Number of the engineer responsible for the maintenance work. Name and telephone Number of Engineer who can be contacted after office hours and Sunday/ Holidays shall also be furnished to Police Department.
- 5- Contractor shall provide ID Cards to their engineers and staff authorized to attend the maintenance work so as to facilitate verification by representative of Police Department. Communication handed over to the contractor's personal at site / office shall deem to have reached their office.
- 6- ***The representative of the contractor shall report daily to in-charge of control room and visit to CCTV ROOM to carry out all necessary inspections/ tests in the CCTV system. Rectification of any defects during inspection shall be endorsed in the maintenance register available with In-Charge of CCTV Police Control Room.***
- 7- At the end of each major breakdown repair, contractor's Engineer should prepare a service report and submit the same to the office of SP Rudraprayag/In-Charge Police Control Room.
- 8- All the tools and testing instruments required for checking testing and attending to routine maintenance and breakdowns shall be arranged by the contractor.
- 9- **The preventive Maintenance shall be carried out once in a month.** The contractor shall undertake preventive maintenance of CCTV System in the 1st week of every month. In addition to the preventive maintenance the contractor shall attend break down calls whenever emergency arises and there will be no limit for such calls.
- 10- The components of the equipment will be the sole responsibility of contractor for procurement and replacement as and when required during the period of AMC/CAMC.
- 11- The contractor's staff will carry the routine spares required for preventive maintenance to ensure minimum down time without any additional cost. In addition to those spares contractor will also arrange other spares if required without any additional charges.
- 12- Breakdown call shall be attended with a time frame after getting the message by phone or fax of failure. If the repair is major contractor shall provide standby equipment at contractor cost.

- 13- In case of major repairs necessitating removal of the equipment to the contractors service centre, the system or its parts shall be reinstalled at the owner premises after repairing the set in working condition. Provision of standby camera comes under the scope of contract.
- 14- Trained and supervisory police control staff shall be permitted to minor urgent changes if required for which suitable log will be maintained by police control room staff.
- 15- A log book will be maintained in the CCTV room in which day to day failures and problems notices shall be entered and informed to the contractor indicating date and time. The contractor's Engineer/representative has to fill up the log book as per schedule maintenance check up giving the details as well as corrective measures taken by the contractors engineers with date and time
- 16- All remedial maintenance of the equipments and its preventive maintenance required periodically shall be provided by the contractor. Such maintenance comes under the scope of contractor. Supply of and fitment of all parts including consumable will need replacement from time to time with understanding that replaced part immediately will become police property and the part removed will become contractor's property with condition that the contractor shall use new and unused except those parts which can be reused after required servicing.
- 17- The contractors shall ensure that the full configuration of the equipment is in proper working condition, after repair and maintenance.
- 18- All minor repairs/services should be made only at Police control room premises. As far as possible no equipment will be sent to the contractor's premises for any repair. If at all, it is found necessary to take the equipment to the contractor' premises, the configuration of the equipment in details must be got noted before it is sent out. The items will be taken out only with proper documentation such as materials gate passes and with proper acknowledgements. All endeavors will be made by the contractor to return such items taken out for servicing with in a reasonable period of one week Stand by equipment similar to the equipment under service to be provided before taking it out on material gate pass, till the original component is replaced AT NO EXTRA COST. The contractor is required to record all such issues, returns / replacements of equipment promptly.
- 19- In any case where the equipment could not be rectified / replaced by the firm with in the reasonable time, Police Department reserves the right to get the equipment repaired / replaced through an other agency at the risk and cost of the contractor. The contractor will have to bear expenses incurred by the Police Department on this account. This action will be taken if the equipment is neither rectified/ replaced nor any stand-by is provided even after the reasonable time.
- 20- Taking shelter under flimsy reasons such as damage could have been caused by rat bite, power outage, rough handling on the part of the user and similar such reasons, and failing to provide maintenance / replacement support will not be acceptable.
- 21- Complete hardware and software support to be extended by the contractor.
- 22- Carrying any software changes if required with out additional charges with the consent of In-Charge Police Control CCTV/ SP Rudraprayag.
- 23- In case of odd hour's failures and emergencies even on holidays and Sundays normal service is to be rendered by the contractor.
- 24- The Contractor shall ensure that the equipment is in good working condition and is with full configuration while handing over at the end of the contract period.

3. PREVENTIVE MAINTENANCE:

- a** Regular preventive maintenance visits shall be made by the firm ONCE IN A MONTH to ensure up keep of the system. Any fault brought to the firm's notice either during such routine calls or otherwise informed by Control Room officials, shall be arranged to be responded with in **two hours**.
- b.** The preventive maintenance of the system should be carried out in the presence of the Control room technical staff. The preventive maintenance of the CCTV System includes cleaning all the equipments, checking the individual / complete performance of equipments of the CCTV System **as per point no. 10 of Scope of Maintenance**.
- c.** The contractor shall ensure the proper working of recording of the video obtained from the CCTV cameras and necessary backup has to be taken in the form of DVD/ CD in the regular interval as instructed by Radio Inspector concerned Control Room In charge. The provision of DVD/CD shall be in the scope of work of tender.
- d.** The service engineer of the contractor attending to the maintenance shall monitor the environment in which the hardware is working and forewarn the control room in charge of any factor discreditable to the satisfactory performance of the hardware.
- e.** A schedule for preventive maintenance shall be drawn by the contractor and submitted to the control room In Charge well in advance. It will be in such a manner that all the equipment falling within the preview of the contract is covered in a systematic manner.
- f.** A separate log book shall be maintained for recording preventive maintenance and put up to the Radio Inspector Rudraprayag monthly.

4. SITE OF WORK

The intending tenderer is advised to study the tender documents, concerned specifications and other instructions carefully. The tenderer shall inspect the proposed site of work and acquaint him/ themselves with the site conditions, working hours and all relevant items connected with execution of work. The submission of tender shall be deemed to have been done after careful study and examination of the tender papers with full understanding of the implications thereof.
